## **DETAILED ACTION**

### ***Formal Matters***

1. As per telephone conversation with Applicant's representative, Michael Siekman, on December 17, 2007, the Office Action mailed July 31, 2007 has been vacated due to the fact that it crossed in the mail with Applicant's Supplemental Reply filed July 28, 2007.

### ***Response to Amendment***

2. As per telephonic interview with Applicant's representative (above), Applicant's response filed November 5, 2007, and the claim amendments filed therewith are rendered moot due to the vacated office action.

Claim amendments filed July 28, 2007 have been entered of record but are found to be non-compliant for shifting the invention mid-prosecution (see section 3 below).

Claims 1-86 have been cancelled and claims 87-90 are currently pending in the application.

### ***Non-Compliant Amendments***

3. Section 821.03 of the MPEP provides guidance for Claims for a different invention added after an Office Action and states, "Claims added by amendment following action by the examiner, **MPEP § 818.01, § 818.02(a)**, to an invention other than previously claimed, should be treated as indicated by **37 CFR 1.145**. Thus, Applicant is required to restrict the claims to the invention previously presented, as provided in §§ 1.143 and 1.144.

***Interference***

4. The request for interference filed July 28, 2007 is acknowledged. However, examination of this application has not been completed as required by 37 CFR 41.102(a). Consideration of a potential interference is premature. See MPEP § 2303.
